J P E N T E R P R I S E S

READY RIFLE PROGRAM

The simple goal of the **JP Ready Rifle Program** is to put a top-of-the-line JP rifle in your hands as fast as we possibly can. After all, long lead times aren't what make our rifles so impressive; their proven results are. So why should you wait? If you have a match coming up, a hunting trip just around the corner or if you just want that new JP in your hands now, then we can make it happen.

Our **Ready Rifles** are several set configurations that represent our most popular rifle builds with purpose-driven selections to run the full gamut of sporting and duty needs. Every **Ready Rifle** is identical to our one-off custom builds.

See more on about our current **Ready Rifle** offerings at jprifles.com.
