Options and prices

JP Supermatch™ Barrel and Caliber Options:

JP-15™/VTAC rifles come with a standard 16" light contour, .223/5.56 chamber with mid-length gas system. The standard muzzle treatment utilizes the Yankee Hill Machine Phantom compensator/flash suppressor.

Add JP Tactical Compensator as spare muzzle treatment ----- 54.00

Black JP Thermal Dissipator™ on any .223/5.56 barrel, as upgrade ----- 75.00

Substitution of any other JP barrel configuration on a JP-15™/VTAC rifle becomes a JP-15™ Precision Rifle, subject to that price and option schedule. The JP-15™/VTAC series is meant as primarily a law enforcement/military carbine configuration with no cosmetic frills.

Buttstock Upgrade Options:

Standard A2 or ACE ARFX stock ----- N/C

ACE SOCOM (short) ----- 149.00

Vltor standard collapsible stock ----- 130.00

Vltor EMOD collapsible stock ----- 155.00

Magpul Precision Rifle Stock ----- 220.00

Magpul UBR Rifle stock (Black or OD Green) ----- 230.00

Grip Upgrade Options:

Standard Hogue pistol grip ----- N/C

Magpul MIAD grip system ----- 15.00

Panther tactical grip with palm rest ----- 20.00

Custom Color and Finish Upgrade Options:

DuraCoat® Olive Drab or Titanium Gray upper receiver and hand guard ----- 200.00

DuraCoat® Olive Drab or Titanium Gray finish on upper and lower receivers and hand guard ----- 300.00

Optics, mounts, sights and other accessories available on request.

Complete rifles are subject to 11% Federal Excise Tax, included in price.

The JP-15™/VTAC rifle is not available in some states as configured.
